## Short Description

With Twin Yamaha F200XSB2 Outboards and Trailer

## Description

The 2026 Weldcraft 280 Cuddy King with twin Yamaha F200XSB2 outboards and a matched trailer is built for boaters who want serious offshore capability, confident handling, and comfortable overnight practicality in one rugged aluminium package. Designed for big-water fishing, coastal cruising, and extended adventure days, the 280 Cuddy King offers the reassuring strength Weldcraft is known for, while the twin 200 hp engines provide responsive power, dependable performance, and excellent manoeuvrability when running to distant fishing grounds or easing back into the marina. Its cuddy cabin adds valuable shelter and storage, making early starts, changing weather, and longer trips more enjoyable, while the spacious deck gives anglers room to work lines, manage gear, and bring the catch aboard with ease. Paired with its trailer, this boat offers the freedom to explore different launch points and chase new waters whenever the forecast looks right, making the 2026 Weldcraft 280 Cuddy King a compelling choice for those seeking a capable, trailerable fishing boat with comfort, power, and adventure-ready versatility.
