## Short Description

Powered by a Yanmar Diesel with just under 1,700 hours.

## Description

This 1988 Cape Dory Flybridge has been maintained and stored at Journey's End Marina in Rockland, Maine for the past 25 years, receiving consistent professional care.

The boat is powered by a dependable Yanmar 225 diesel with just under 1,700 hours. Everything on board is in working order, making it truly turn-key ready for the season.

This is a great opportunity to own a classic Downeast flybridge cruiser that's ready to get you on the water immediately.

The \$44,995 price includes storage for this winter 2025-2026.

Available for viewing in Hampden at Hamlin's Marina.
