Short Description
With Yamaha F50LC3 & Trailer

Description
The 2027 G3 16 DK is designed for boaters who want a capable, easy-to-manage aluminium boat that feels ready for early-morning fishing trips, quiet runs through shallow water, and practical days outdoors. Picture launching at first light with tackle, decoys, or weekend gear neatly stowed, then settling into a stable layout that keeps the focus on the water rather than the work. Key highlights include:

- **Versatile use:** well suited to fishing, duck hunting, river cruising, and general utility work.
- **Aluminium construction:** built for durability, lower maintenance, and confident handling in varied conditions.
- **Manageable size:** the 16-foot class makes it easier to tow, launch, store, and operate.
- **Practical deck space:** offers room for essential gear while keeping movement around the boat straightforward.
- **Shallow-water potential:** a strong choice for exploring backwaters, coves, marshes, and smaller lakes.
- **Smart buying tip:** check the official 2027 G3 16 DK specifications, engine ratings, seating layout, and available packages before choosing the setup that best matches your boating plans.

Specification
