Description
The 2027 G3 1036 is expected to appeal to boaters who want a simple, lightweight jon boat for calm-water adventures, whether that means slipping into a quiet fishing spot at first light, tending to waterside jobs, or enjoying a relaxed afternoon close to shore.

• **Practical size:** the “1036” name traditionally points to a compact 10-foot class boat with a 36-inch-style bottom, making it easy to store, transport, and launch.

• **Everyday versatility:** it suits ponds, small lakes, creeks, and sheltered waterways where maneuvrability matters more than speed.

• **Angler-friendly layout:** its open jon boat design gives room for tackle, a cooler, and essential gear without unnecessary fuss.

• **Low-maintenance boating:** aluminium construction is often favored for durability, ease of care, and dependable performance season after season.

• **Best fit:** the 2027 G3 1036 is likely to be a smart choice for solo boaters, casual anglers, and anyone looking for an approachable, no-nonsense way to get on the water.
